poor. There is considerable difficulty in raising funds for granting scholarships to persons in whom they are not directly interested. In the circumstances I am in favour of sanctioning the D. P. I's proposal at least for a period of three years. Efforts will be made to supplement these scholarships by others raised from public subscriptions. At any rate we should aim at awarding not less than 2 boys in each district every year in industrial work.

For VI)

I agree with the financial view that the technical schools should be restricted to the first years of the students in the interim. I would however suggest that the 2 yrs ask may be reported to renew this recommendation 1 year hence, after the two technical schools according to the newly sanctioned scheme are all work in fairly working order. A good number of scholarships have been recently sanctioned in connection with one scheme or other & the parents may wait for a time

12) I do not see any information in the file regarding the number of pupils that have come forward to avail themselves of the scholarship scheme sanctioned in the Government order dated 1.5.1913. The recommendation now made by the Inspector General of Education involves a new principle and unless it is found that the rates of scholarship sanctioned are not sufficiently attractive, I consider that it would be premature at this stage to suddenly enhance them by four rupees all round.

13) My experience of such scholarships is that Rs.6 is a fair rate and I agree with the Financial Secretary that this is sufficient. Once such a proposal is sanctioned, there will be no end of similar applications in the future and we ought to adhere to the principle once laid down and see its working for some time before changing it.

OFFICE OF INSPECTOR-GENERAL OF EDUCATION IN MYSORE.

No. 15736 / 673

Bangalore, 16th February *1916*

23

DIARY No 3178

From

RAO BAHADUR M. SHAMA RAO, Esq., M.A.,
Inspector-General of Education in Mysore.

To

P. G. D'Souza, Esq., B.A., B.L.,
Offg. Secretary to the Government of
His Highness the Maharaja of Mysore,
Departments of Education & Agriculture,
Bangalore.

SIR,

I have the honour to state that in pursuance of Government Order No.8834-40/Edn.462-09-24 dated 1st May 1913, scholarships at the rates of Rs.2, 4 and Rs.6 per mensem are at present awarded to students studying in the different sections of the Chamarajendra Technical Institute, Mysore. Government have also been pleased to sanction some scholarships ranging in value from Rs.1-8-0 to Rs.5/- per mensem to pupils of the Industrial Schools to be newly opened at District Head Quarters (Vide Government Order No.2235-6/Edn.365-13- dated 17th Nov. 1915). The Deputy Commissioner of Mysore represents that in the case of mofussil pupils who wish to attend the Chamarajendra Technical Institute, the present rates are insufficient and requests that two scholarships of Rs.10 per mensem may be sanctioned to the pupils of each Taluk in his District to enable them to attend the Smithy and Machine Sections of the said Institute. The Deputy Commissioner of Shimoga similarly requests that 6 scholarships of Rs.10 per mensem each may be awarded to malnad students who wish to attend the Chamarajendra Technical Institute at Mysore, where a higher course of study is available. It is possible that the same concessions may be asked for by the Deputy Commissioners of other Districts also.

(2 15/2

In these circumstances and with a view to afford greater facilities to mofussil students for undergoing secondary courses of industrial training in the Chamarajendra Technical Institute, I beg to propose that in the case of selected moffussil students joining the said Institute, Government may be pleased to permit an increase of Rs.4 being given as an allowance to the ordinary scholarship available under the existing rules. There is at present a provision of Rs.15,396 for payment of scholarships in the Chamarajendra Technical Institute in the Budget under "18e. Education (5) Government Schools, Special (i) Chamarajendra Technical Institute." In para 4 (c) of the Government Order dated 1st May 1913 quoted in the beginning of this letter, it is stated, however, that the expenditure on scholarships should for the time being be limitted to Rs.500 a month. This limit is being adhered to now and the Government may be pleased to authorize the extra cost involved by the payment of allowances of Rs.4 each being met from the excess amount left over the present limit of Rs.500 per month.

I have the honour to be,

Sir,

Your most obedient servant,

Inspector General.
